

## Guide til filmanalyse, engelsk

FILM ANALYSIS			
STORYTELLING (PLOT)	CINEMATIC TECHNIQUE (SHOT)	THEATRICAL ELEMENTS (SET)	
Characterization	Framing	Set design (dk: scenografi)	
Setting	<u>Close-up</u> : captures the emotions of the character or draws attention to a specific	Most times, the surroundings say a lot about the characters' inner emotions (how is the character placed in his or her surroundings)	
Point-of-view	thing  Long shot: the whole setting,	Costumes	
Narrative technique	may be used to make characters appear small	Give us a clear image of what type of person we are looking at	
Distribution of knowledge (Who knows what, when –	Medium shot: often used in dialogue so that you can see the body language of the	Props (dk: rekvisitter)	
audience, characters, narrator)	characters	May have specific relevance in a particular film or clear-cut cultural connotations, helping us to decode their meaning as symbols and	
Time aspect		the character's relation to them	
Symbols		Acting style The ways the actor captures the essence of a	
Theme		character	
Message			
	Angles Low-angle: makes a person seem big and powerful High-angle: makes a person seem small and weak Eye-level: makes us feel on the same level as a character		
	Lines  Horizontal: calm  Vertical: power, grandiosity  Diagonal: disorder, action		
	Composition Foreground, Middle-ground, Background: the relation between these three levels is often important in a shot Position of characters: says something about their relation to each other (e.g.		

two shot, triangular composition etc.)  Camera movement  Pan (→) or Tilt (↑)  Steady-cam: calm, dreamy camera movement  Hand-held: chaotic,  disorderly, subjective  Editing  Parallel editing (=) vs cross-cutting (X)  Point of view (+ subjective use of camera): what we see seems as if we are seeing it through the eyes of a specific character  Long takes: slow-paced editing signaling calm Short takes: fast-paced editing in intense and/or hectic sequences  Transitions: dissolve (dk: overblænding), fade to black  Sound  Diagetic sound (from the film's location): dialogue, real	
Camera movement  Pan (→) or Tilt (↑)  Steady-cam: calm, dreamy camera movement  Hand-held: chaotic, disorderly, subjective  Editing Parallel editing (=) vs cross- cutting (X) Point of view (+ subjective use of camera): what we see seems as if we are seeing it through the eyes of a specific character Long takes: slow-paced editing signaling calm Short takes: fast-paced editing in intense and/or hectic sequences Transitions: dissolve (dk: overblænding), fade to black  Sound Diagetic sound (from the film's location): dialogue, real
